International Brief: IAMRA Resolution on WFME CPD Recognition Approved

In this International Brief,¹ there was an error in the first paragraph.

The first paragraph should have read as follows:

At the 16th International Conference on Medical Regulation 2025, organized by the International Association of Medical Regulatory Authorities (IAMRA) and hosted by the Medical Council of Ireland, IAMRA recognized the World Federation for Medical Education (WFME) as a resource for verifying the accreditation of high-quality Continuing Professional Development Program (CPD) activities offered by education providers around the world.
